

You are cordially invited to participate in the

Polish Science Towards EMBL Conference

June 19-20, 2018

Nencki Institute of Experimental Biology
3 Pasteur St., Warsaw, Poland

The conference will bring together Polish and world's leading experts and researchers in the field of biomedical research. It will be an occasion to celebrate Poland's accession to the European Molecular Biology Laboratory, as well as the signing of the formal cooperation agreement between EMBL and the Nencki Institute of Experimental Biology. The event will be a unique opportunity to consolidate the scientific community involved in research in the field of biomolecular medicine.

The event will feature a special *Poland joining EMBL* session, including addresses by Prof. Jarosław Gowin, Polish Minister of Science and Higher Education; Prof. Iain Mattaj, EMBL Director General; Prof. Leszek Kaczmarek, EMBL Council delegate; Prof. Andrzej Legocki, President of the Polish Biochemical Society; Prof. Jerzy Duszyński, President of the Polish Academy of Sciences and Prof. Grzegorz Węgrzyn, Chair of the Committee of Molecular and Cellular Biology, Polish Academy of Sciences.

Confirmed speakers:

| | |
|-------------------------------------|------------------------------|
| Carmen Sandi (Switzerland) | Bożena Kamińska (Poland) |
| Kyung-Min Noh (Germany) | Ewelina Knapska (Poland) |
| Robert Prevedel (Germany) | Grzegorz Węgrzyn (Poland) |
| Michael Owen (UK) | Andrzej Dziembowski (Poland) |
| Agnieszka Chacińska (Poland) | Maciej Figiel (Poland) |
| Katarzyna Kotulska-Jóźwiak (Poland) | Marcin Drąg (Poland) |
| Alicja Józkowicz (Poland) | Krzysztof Sobczak (Poland) |

Conference admission is **free of charge**.
