Booking appointments – "patient portal" online booking system

The online booking system is a convenient way to manage your health.

It allows you to book visits, tests, e-visits or teleconsultations

Through the patient portal you may also:

- ✓ cancel visits and tests at enel-med centres,
- ✓ request prescriptions,
- ✓ request medical records,
- ✓ collect test results,
- ✓ view referrals.

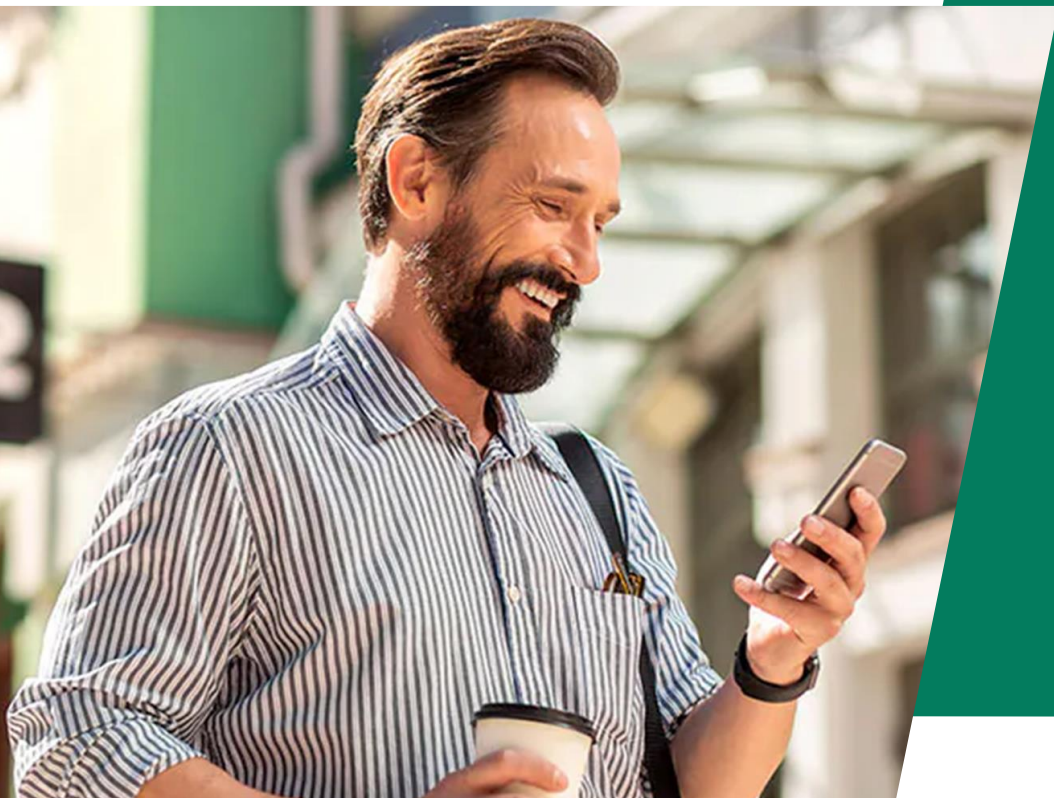

Now you can create a full account or expand your existing basic account by verifying your identity through myID (logging into the bank). **You no longer need to come in to the centre in person!**

Don't wait! Your on-line account gives you full access to managing your health via phone or online.

How to start? It's simple.
Go to <https://online.enel.pl/> and fill out the intuitive form.
